Why Catholic Education is Important:

Catholic Education plays a vital role in nurturing our students with their unique gifts and talents in becoming the best versions of themselves within a community guided by Christ. This in turn provides our youth a lense of faith for life's journey seeking the kingdom of God.

Other...

During these 'unprecedented times' ... Trust in the Lord ... in life's purpose. Seek whatever is true, honourable, just, pure ... whatever is commendable and of excellence. Philippians 4:4-9. (My personal take away from our Holy Family Catholic virtual 2020 Faith Day Retreat 04-28-20)
